Mirpur, Dhaka- 1216, Bangladesh

Dear Mr./Ms.

In response to the advertisement published on 22th June 2025 on Bdjobs.com. I am writing to express my interest for the Junior Software Developer in your esteemed company.

I have recently obtained my Bachelor Degree in Computer Science and Engineering from American International University- Bangladesh with a decent result. I wish to bring my skill, knowledge and assiduousness in your creative line up. Throughout my education I am skilled with necessary knowledge that comes with the position including HTML,CSS,PSD to HTML designs , Web design, Developing application. My internship with Bjit Company afforded me to work with highly advance technical team. During that course I learnt with keen interest and managed myself about learning something innovative.

Enclosed is my resume with additional details regarding my qualification and sagacity, please review my resume as attached with be reached via e-mail anytime. Thank you for taking some toil to consider my application and I am eagerly waiting to hear from at your earliest convenience.

Yours Sincerely

MD SUMON
